OLIMPIA SPLENDID

THE COMPANY

Olimpia Splendid is one of the world's leading brands of air conditioners, heaters, air treatment units and hydronic systems. Founded in Northern Italy in 1956, the brand has come to set a new global benchmark for innovation, design and environmental sustainability. Today, Olimpia Splendid proudly sells its products to more than 45 countries around the world.

VISION

Our goal is to improve the wellbeing and comfort of our customers all over the world, with products that allow them to control their heating and cooling environments both at home and at work.

MISSION

We design and build products that offer intelligent, efficient, innovative solutions along with great aesthetics and respect for the environment.

DESIGN AWARDS

Our designs have been recognised and awarded internationally.

VALUES

Innovation, design, sustainability and respect for all people are the cornerstones on which our company has been built.
